

My 2 kids have been attending for almost 3 years. I've got nothing but positive things to say about the way the daycare is run. The kids have a great time, learn new things and get outside and have adventures every day. JoHannah even dealt with the frustration of potty training. I'd highly recommend Yellow Sub, my kids are happy there, and I can feel comfortable that my kids are in good hands while I'm at work.

-Geof Dean

I checked out a lot of daycares before I met JoHannah. Upon arrival I instantly felt comfortable with her. She provides a safe, nurturing program. Both of my kids would come home with fun stories and adventures from playing at the beach, nature walks, new songs and crafts. I loved the focus of importance of outside play. I always felt 100% confident in leaving my children under her care. Would recommend her to anyone! –

-Jen Smith

“It’s close to home and school. It is clean and interactive. JoHannah provides fun activities and is very crafty. It is secure environment. JoHanah enjoys the outdoors and going out on outdoor adventures. JoHannah has sense of community. She provides weekly updates and pictures about my child.”

-Annie Fortin

“JoHannah is very creative and interactive with the children. Justin feels at home and enjoys the variety of activities”

-Carolin Cnossen.

“We like the family fun atmosphere and dedication to the outdoors. JoHannah provides exposure to creativity and music. We like how JoHannah sticks to her dedication to her own personal growth and journey.”

-Dana Kolosoff

“I like the fact that you always make time to go outside, provide snacks, and are very creative inside and outside of daycare. I also like the fact that you care a lot about our kids and allow for us parents to know what’s going on throughout the day. Thankyou.”

-Aimee Duggan

“I love how creative and engaging the environment is for the children. You are very good at noticing the small cues the children make and in turn you create new games, books, crafts and ideas based on their cues.”-
